Presence Paris, in collaborazione con L'Oréal Professional Products, ha sviluppato tre linee di mobili per saloni con un basso impatto ambientale: GREEN FIRST® collection e ALU GREEN® Collection progettate da Giovannoni Design ed ECO FUN® Collection progettata da Christophe Pillet.

PresenceParis, scegliendo di affidare la progettazione di queste linee a due fra i più noti studi di design del panorama internazionale, ha voluto esprimere con forza

SUSTAINABLE LUXURY

In collaboration with L'Oréal Professional Products, Presence Paris has developed its first three salon furniture ranges with low environmental impact: GREEN FIRST® Collection and ALU GREEN® Collection designed by Giovannoni Design and ECO FUN® Collection designed by Christophe Pillet. Choosing to appoint two of the most famous design firms on the international scene to design these ranges, PresenceParis aims to express the strength of its own philosophy and tradition which, even in a time which strongly embraces criteria of environmentally sustainable production, continues to be inspired by the values of beauty, design and style which have always underlined their products and confirmed their global success.

l'immagine della linea

Alu Green® affidata al genio di Oliviero Toscani...

*The image of the Alu Green® range
the work of the genius Oliviero Toscani...*

Sarà Oliviero Toscani, maestro di immagine e di provocazione, a pensare l'immagine di ALU GREEN® Collection, l'ultima creature dello studio Giovannoni Design...

In uscita ai primi di ottobre nel nuovo catalogo PresenceParis e su tutte le riviste di design, la nuova immagine sarà una sorpresa che come sempre farà discutere operatori e pubblico.

Per Maletti, che ha già presentato la linea al Cosmoprof 2012, sarà la conferma di una leadership anche dal punto di vista della comunicazione.

Oliviero Toscani, the master of image and provocation, will be dreaming up the image of ALU GREEN® Collection, the latest creature from Giovannoni Design...

Out in early October in the new PresenceParis catalogue and on all the design magazines, the new image will be a surprise that, as usual, will get operators and the general public talking.

For Maletti, who already presented the line at Cosmoprof 2012, it will confirm the company's leadership position also in terms of communication.

La ricerca progettuale di Stefano ed Elisa Giovannoni è approdata ad una collezione caratterizzata dal legno curvato e dalla tridimensionalità delle sedute che non hanno un "retro", nel senso che sono state pensate per essere liberamente posizionate nell'ambiente.

Il dettaglio di giunzione tra il legno curvato e l'imbottitura è ispirato alle poltrone tradizionali in pelle ed uno dei particolari che le rende domestiche e confortevoli.

Stefano and Elisa Giovannoni's design research has led to a collection which features curved wood and three-dimensional chairs which have no "back", as they are designed to be freely positioned anywhere in the room. The two work chairs have 3D curved wooden frames which contain the padding. The joint between the two materials is inspired by traditional leather chairs, making them domestic and comfortable.

Il lavatesta ha una concezione nuova, è stato progettato per creare nel fruitore una sensazione di esclusività e comfort, senza ostentazioni gratuite. Si tratta di una poltrona dalla struttura in legno che contiene la ceramica per il lavatesta e molti accessori che ricordano quelli delle cabine degli aerei; la si può collocare senza limiti nell'ambiente come un arredo domestico, senza ostacolare il lavoro dell'operatore facilitato da una generosa codetta. Di grandi dimensioni e con cornice in legno la specchiera ha un design elegante che ricorda gli specchi delle eleganti sartorie artigianali.

I like recycled

Il salone alternativo: un design essenziale che lascia spazio alla creatività.

La nuova tendenza è arredare con materiali di recupero uniti a prodotti di alto design.

Giovane, colorata e divertente, anche questa linea fa parte del grande progetto ECOLLECTION by Presence Paris.

Christophe Pillet firma il design di poltrona, lavatesta e mensola. Plastica riciclata per imbottiture e alluminio riciclabile per basi e strutture, sono i materiali che la sezione R&D Maletti ha selezionato per i tre prodotti di ECO FUN[®]. Fun: divertirsi ad arredare rispettando l'ambiente...

Per anime leggere e cuori giovani.

The alternative salon: an essential design that leaves room for creativity.

The new trend is furnishing with recycled materials together with high design items.

Young, coloured and fun, this range is also part of the great ECOLLECTION by Maletti.

Christophe Pillet designed the chair, wash unit and styling unit. Recycled plastic for the padding and recyclable aluminium for the frames and bases, these are the materials that the Maletti R&D department selected for the three ECO FUN[®] products.

Salonitaly: una realtà per giovani talenti
Salonitaly: a reality for young talents

belli, giovani... e low cost

Young, beautiful... and low cost

Guardare al futuro vuol dire pensare giovane, vuol dire avere energia e concentrarla sui grandi cambiamenti della moda e della società.

I giovani vestono in jeans e guardano dritti negli occhi, hanno idee nuove e ci chiedono di seguirli. I loro saloni si trasformano in spazi per party sofisticati, in passerelle per sfilare, in salotti dove incontrare quattro amici... Salonitaly è un'azienda gestita da giovani che si propone al mondo dei giovani con un'ampissima gamma di prodotti per soddisfare ogni esigenza, anche la più spregiudicata.

Looking to the future means thinking young, it means having energy and concentrating it on the great changes in fashion and in society.

Young people wear jeans and look you straight in the eyes, they have new ideas and ask you to follow them. Their salons become places for sophisticated parties, catwalks to parade on, lounges to meet a few friends in...

Salonitaly is a company managed by young people which talks to the world of young people, supplying a wide range of products to satisfy every need, even the wildest.

Madre wash unit with massage and water column

MADRE all-round experience...

Una vera e propria esperienza sensoriale che associa la piacevolezza del massaggio a pressoterapia integrale con effetti linfodrenanti e anticellulite alla possibilità di avere tre diverse posizioni di lavatesta:

- operatore in piedi, cliente seduto;
- operatore in piedi, cliente sdraiato;
- operatore seduto, cliente sdraiato.

Le vostre clienti potranno così abbandonarsi completamente sdraiate al massaggio tonificante e linfodrenante mentre un'operatrice, comodamente seduta, potrà indulgiare in trattamenti e in massaggi alla cute. Una volta provata questa esperienza le vostre clienti non vorranno più tornare al lavatesta tradizionale e molte nuove clienti entreranno nel vostro salone attratte dal passaparola.

A veritable sensorial experience, associating the pleasure of a integral pressotherapy massage with lymphatic draining and anti-cellulite effects with the possibility of three different washing positions:

- operator standing, client sitting;
- operator standing, client lying down;
- operator sitting, client lying down;

Your customers can let themselves relax completely, lying down for a tonic, lymphatic draining massage while the operator, sitting comfortably, can apply hair treatments and scalp massages. Having tried this experience, your customers will never want to return to a traditional wash unit again, and many new customers will come to your salon having heard about the experience on the grapevine.

Nel 1989 Philippe Starck concepiva la prima collezione firmata di mobili di arredamento professionale per parrucchieri. Da questa data storica è cambiato radicalmente il modo di concepire il Beauty Design.

Non più semplici poltrone o specchiere, ma opere d'arte contemporanea. Elementi di un sistema in cui ciascun prodotto possiede un'anima, restituendo al salone la sua vocazione primaria, cioè essere un luogo di incontro tra un Creativo e la sua Cliente.

A partire dal 1989 Philippe Starck ha firmato poi altre tre collezioni complete per PresenceParis, diventando un grande classico del Beauty Design riconosciuto in tutto il mondo.

From 1989 Philippe Starck designed three other complete collections for PresenceParis, becoming a great classic of Beauty Design, recognised throughout the world.

London: nails at Harrods

All'ultimo piano del più famoso magazzino del mondo un open space per manicure e pedicure tra uno shopping e l'altro

On the top floor of the world's most famous store, an open space for manicures and pedicures between one shopping experience and another

***Urban Retreat
at Harrods - London - UK***

Sandali vertiginosi in estate ed in inverno obbligano le patite del total look ad avere le unghie sempre perfette.

E allora perchè non fare un salto da Harrods, scegliere le scarpe, scegliere lo smalto in tono, rilassarsi bevendo una tisana e riprendere lo shopping... senza scordarsi delle mani.

Super-high heeled sandals in summer and in winter force total look fans to keep their nails perfect all year round.

So why not pop into Harrods, choose your shoes, choose your matching varnish, relax with a herbal tea and then get back to shopping... and don't forget your hands.

il tuo business

Basta un piccolo spazio per aumentare il fatturato nel tuo salone.

Generalmente situato vicino all'attesa diventa un piccolo grande servizio a portata di mano che la clientela apprezza e richiede sempre di più

All you need is a small space to increase the turnover in your salon. Generally located near the waiting area, it becomes a great little service, close to hand, which customers appreciate and continue to demand more and more often

LOVELY

Tavolo manicure attrezzato con espositore luminoso per smalti, piano di lavoro in stoneglass ad alta resistenza ai prodotti chimici dotato di lampada a LED.

Manicure table equipped with lighted display unit for nail varnishes, stone-glass work top (highly resistant to chemicals) fitted with LED lamp.

MAGIC

Tavolo manicure compatto laccato bianco opaco, completo di sgabello integrato a scomparsa. Spazio espositivo per smalti con illuminazione a LED. Piano di lavoro girevole in vetro bianco temperato con lampada a LED.

Compact matt white painted manicure table, complete with integrated slide-out stool. Nail varnish display space with LED lighting. White tempered glass rotating work top with LED lamp.

Un piccolo, grande servizio apprezzato dalla clientela...
A great little service appreciated by customers... close to hand

C'è solo l'imbarazzo della scelta. Dal tavolo con espositore a vista che lascia tempo alla cliente di pensare al colore di smalto indicato alla giornata, al tavolo con lo sgabello incorporato che occupa poco spazio ma che all'interno ha un sacco di vani per tutto il necessario.

You'll be spoiled for choice. From the table with display that allows the customer choose the nail colour of the day, to the table with incorporated stool, which takes a tight space but inside has a lot of compartments for everything you need.

a portata di mano

BABY

Sgabello compatto multifunzione per manicure in plastica bianca opaca resistente ai prodotti chimici. Compact multi-purpose manicure stool in matt white plastic, resistant to chemicals.

Comodissimo per evitare alle clienti di spostarsi c'è lo sgabello "multitask" su ruote.

Si sposta rapidamente e contiene tutti gli accessori necessari ad una perfetta manicure.

So handy, preventing customers from having to keep moving, is the "multitask" stool on castors. It moves around the salon rapidly, and holds all the accessories you need to provide a perfect manicure

Il lavatesta con cromoterapia è il pezzo forte dello spazio dedicato ai capelli. Meglio se affiancato dalla colonna che depura l'acqua e da una cascata che rilassa la vista. Mensola e poltrona, in sequenza o centrali devono avere una distanza ergonomica per l'operatore e per il cliente. Massima attenzione all'illuminazione.

The wash unit with colour therapy is the strong point of the hair space. Better if fitted with a column that purifies the water and a waterfall to relax the eyes. Styling units and chairs, in rows or in central islands, must be spaced at an ergonomic distance for both operator and customer. And pay great attention to the lighting.

Occupa uno spazio minimo ed è indispensabile. Può essere situato nelle cabine vip o vicino alla zona attesa o può essere messo in batteria dove gli spazi lo permettono. In piccoli spazi comodissimo il tavolino con sgabello incorporato.

It takes up very little room and is indispensable. It can be used in a vip cabin or near the waiting room, and can be placed in line if you have enough space. In tight spaces, the table with incorporated stool is very handy.

Qualcuno la chiama sala VIP, altri personal service, ma il concetto è lo stesso: uno spazio riservato, possibilmente due, uno per le signore con la mensola da trucco e uno per i signori con l'intramontabile "barber's chair".
Some call it the VIP room, others the personal service, but the concept is the same: a reserved space, or possibly two, one for the ladies with a make-up unit and one for the men with the evergreen barber's chair.
